EDUCATION

Diploma of IT
Coder Academy
2023

Certificate III in Roof Plumbing
TAFE NSW - Gympie
2005

SUMMARY

Junior web developer with experience in both front-end and back-end development. Skilled in HTML, CSS, JavaScript, and python. Passionate about web development and creating user-friendly websites. Eager to learn and grow in a fast-paced tech company.

KEY PROJECTS

Comic book management API

This project is an API where I can log in and store my comic books to keep track of how many I own and calculate the total value of all my comics.

Skills I gained from developing the API

- Database persistence with SQLAlchemy
- Add authorisation to a Flask API application
- How to handle JWTs in Python
- Creating a RESTful Endpoint with Flask
- Mapping Models with Python Classes

Git Hub Link: <https://github.com/roger2727/API>

Terminal app

This project is a Star wars quiz to determine if you are a Sith or Jedi and choose your own adventure story.

Skills I gained from developing Terminal App

- loops and conditional control structures
- error handling user input
- using functions from a Python package
- write and utilise simple functions
- Develop an implementation plan using Trello

Git Hub Link: <https://github.com/roger2727/app>

Portfolio web site

The purpose of the portfolio is to show my skills using HTML and CSS.

Skills I gained from developing Portfolio

- Design wireframes/mockups
- Utilise Flexbox to create a functional web page
- use of jQuery to keep code dry
- how to deploy on Netlify

Web Link: <https://bright-peony-2cc4d9.netlify.app/>

WORK EXPERIENCE

KEY SKILLS

- Web App Development
- Backend Development
- Frontend Development
- Problem-solving skills and critical thinking
- Strong communication skills

TECH SKILLS

- **Languages:** HTML, CSS, Javascript, Python.
- **Frameworks:** flask, Node.JS, express JS ,Bootstrap
- **Database:** PostgreSQL, MongoDB
- **Library:** React JS, SQLAlchemy, Marshmallow
- **DevOps tools:** Git, GitHub

MY REFERENCE

Mick still

On Edge Metal Roofing/ owner

Chris Nuygen

Braindump Creative/ Director
0402613395

On Edge Metal Roofing Tradesman (Supervisor)

July 2016- May 2022

- Plan and coordinate tasks and determine the correct amount of material required to complete projects.
- Read and interpreted drawings, plans and specifications to complete projects accurately.
- Scheduled and attended pre-planning sessions with general contractors.
- Trained existing employees to maximise team agility and performance.
- Evaluated employees' strengths and assigned tasks based on experience and training.
- Resolved staff member conflicts, actively listening to concerns and finding appropriate middle ground
- Accomplished multiple tasks within established timeframes.

Bechtel Corporation

July 2014- June 2016

Tradesman (insulation installer)

- Worked alongside a team to accomplish work goals according to schedule.
- Recognised and reported potential project challenges and assisted with solutions.
- Collected measurements and marked locations as part of project preparations.
- Proved successful working within tight deadlines and a fast-paced atmosphere.

Langton Roofing

July 2004- June 2014

Tradesman (Metal Roof Plumber)

- Developed and implemented performance improvement strategies and plans to promote continuous improvement.
- Improved operations through consistent hard work and dedication.
- Inspected problem roofs to determine the best repair procedures.
- Devoted particular emphasis to punctuality and worked to maintain an outstanding attendance record.
- Used critical thinking to break down problems, evaluate solutions and make decisions.
